Marigold and Vitamin E Ointment, Life Care® protects and nourishes the skin

Marigolds - *Calendula officinalis* - are medicinal plants with beneficial properties for the skin. They have traditionally been used for various medicinal and cosmetic purposes due to their active compounds such as flavonoids, saponins, volatile oils and triterpenes.

Remarkable properties:

- helps tissue regeneration;
- protects the skin against free radicals and may help prevent premature skin ageing;
- deeply moisturises dry and chapped skin;
- have a soothing effect and can help reduce itching and discomfort associated with various skin problems, including eczema or sunburn;
- due to their mild properties, marigolds are suitable for most skin types, including sensitive skin.

Vitamin E is recognised for its many health benefits for the skin:

- is a powerful antioxidant, protecting the skin against oxidative stress caused by free radicals. These free radicals can contribute to premature ageing of the skin and Vitamin E helps to neutralise them;
- can help keep skin hydrated, preventing dryness and flaking;
- can stimulate tissue regeneration and improve skin's appearance;
- helps reduce redness, making it beneficial for people with sensitive or irritated skin;
- used regularly can improve skin texture - smoother, more even skin.

Marigold and Vitamin E rich ointment - a duo of natural ingredients that bring multiple benefits to your skin!

A special formula that provides special skin care. The nourishing properties of marigold flowers along with the antioxidant benefits of vitamin E give your skin the attention it needs.

Muscle and joint pain can occur for many reasons:

Physical fatigue:

Intense or repeated physical activity could lead to muscle and joint pain. Fatigue can cause micro-injury to muscle and joint tissue, leading to pain and inflammation.

Injuries:

Injuries or trauma to muscles and joints can cause pain. These can include sprains, strains, muscle tears or cartilage damage.

Poor posture:

Incorrect posture over a long period of time can put pressure on muscles and joints, leading to pain. For example, prolonged sitting can cause muscle and joint pain.

Inflammation:

Inflammation is the body's natural response to injury or infection. It can affect muscles and joints, causing discomfort and pain.

Stress and anxiety:

Stress and anxiety can contribute to muscle and joint pain. Emotional pressure can cause excessive muscle contraction and aggravate existing symptoms.

Period cramps

are a common condition that affects many women during their period. It usually occurs before or during the first few days of menstruation and can involve a range of symptoms, including painful abdominal cramps or discomfort.

4460

Insect spray, Protekt Spray, with citronella and BIO plants, Life Care® keep insects at bay

The humidity and heat of the summer months are the insects' haven. All they need is an open window to get inside the house and, from thereon, the "hunt" begins. If you want to win this battle, look for the most efficient "weapons".

PROTECT YOURSELF AGAINST INSECTS IN A HEALTH MANNER!

Spray it on the exposed skin, and the insects will keep their distance. If you forgot to use it before, it can help afterwards to calm the skin after insect bites.

- It combines organic plants, such as aloe vera, olives, lavender, as well as lemongrass, for a special skin protection and care;
- is absorbed rapidly and leaves the skin very smooth;
- has a very pleasant smell.

Suitable for the entire family, including the sensitive skin of children!

Vitamin C, 1000mg, Life Care® prolonged release

The dietary supplement prevents Vitamin C deficiency, helps protect cells from oxidative stress, while maintaining the body's resistance to various diseases or infections.

The ideal quantity of BIO Vitamin C, from organically grown acerola fruit, brings an EXTRA DOSE to the body for an excellent functioning of the organs. Vitamin C (ascorbic acid) is part of the group of water-soluble vitamins. It is one of the most common vitamins. The ascorbic acid is an organic acid with antioxidant properties. The body cannot synthesize its own Vitamin C, which is why it must be taken from food or other sources. Being sensitive to light, heat and water vapor, Vitamin C is needed in the formation of collagen, a protein that strengthens bones, cartilages, muscles and blood vessels, and contributes to the proper maintenance of capillaries, bones and teeth.

Happy&Relax Muscle, with potassium, magnesium and vitamin B6, Life Care®

reduces muscle cramps

Muscle cramps occur when a muscle contracts involuntarily and forcibly, with the impossibility of relaxation. Muscles binding two joints (wrists) are the most prone to contracting. Muscle cramps vary in intensity from a simple spasm to an excruciating pain. The duration of the muscle cramp can go from a few seconds up to 15 minutes or more.

The optimal composition of ingredients such as Magnesium, Vitamin B6, Potassium and Vitamin E helps the optimal assimilation of proteins and fats and acts beneficially on the nervous system.

It is recommended one capsule per day for people over 16 years of age.

SUPER WATER

For our organism's health, vitality and longevity it is very important to maintain an ideal level of hydration.

"Water has multiple roles in the proper functioning of the organism, including nutrients transport and toxins elimination, brain and joints lubrication and body temperature regulation."

Source: European Hydration Institute

The importance of a proper hydration is very obvious, but is that enough? The answer is clear: what matters is both quantity and quality of the water we drink, the minerals and oligoelements provided to the organism through water, the ideal oxygenation and also the inviting and stimulating taste. Now you can have all these contained in a unique

Smokers Aid Detox, with arctium root and BIO artichoke, Life Care® detox with artichoke

The mix of herbs has a strong effect of pulmonary, gastric, intestinal and a upper respiratory tract detoxification. Arctium root or burdock was considered a remedy for blood cleansing, and recent research confirms this. Burdock neutralizes free radicals in the blood, helps eliminate urea and other residual substances from the body much faster, regulates hormones, helps maintain or restore normal intestinal flora. Artichoke leaves have a diuretic, choleric and hepatic antitoxic action, and lower blood cholesterol levels.

- vegetarian product
- detoxifies the body
- contains organic artichoke

It is recommended 1-2 capsules per day during meals, for people over 16 years of age.

Organic Chlorella, Life Care® essential nutrients

Chlorella is a microalga, which is considered to be a natural superfood, extremely nutritious and rich in proteins, vitamins and minerals that can be consumed in the form of tablets or powder added in various smoothies.

It is said to be the greenest alga on Earth, due to its very high chlorophyll content, it is very small and grows in freshwater. The high chlorophyll content has a major role in the processes of cell detoxification and oxygenation of the body, eliminating toxic substances from the body, such as heavy metals, thus improving the immune system.

It is recommended 2-5 tablets per day for adults and 1 tablet per day for children from 6 years of age.

Pineapple for digestion, Life Care®

digestive adjuvant

Pineapple contains an enzyme called bromelain, which helps the body digest faster proteins from the food (normally they can only be digested with the help of gastric juice and digestive enzymes). Due to this enzyme, pineapple can be used to purify the blood, improve digestive function, arthritis, sinusitis, to relieve muscle pain (due to its anti-inflammatory action).

Bromelain prevents or minimizes a lot of health problems: angina pectoris, transient ischemic attack, relieves thrombosis and thrombophlebitis and can reduce cholesterol deposits.

Persons over 16 are recommended 1 capsule per day, in the afternoon or in the evening.

Glucomannan Extract, Life Care® reduces appetite

Glucomannan is a water-soluble dietary fiber, extracted from the root of the Konjac plant, that is originated in Japan. It has a very low caloric content, it is very hard to digest in the small intestine, so it takes up a lot of space in the stomach and gives the feeling of satiety. The Glucomannan extract can help in weight loss by increasing the feeling of satiety, thus reducing the appetite and food intake at a later meal. If you combine Glucomannan Extract with exercise and healthy and low-calorie foods in your daily diet, the results will not be long in coming.

- reduce appetite and increase the feeling of satiety
- reduce cholesterol
- absorb toxic substances
- are beneficial for diabetics
- do not increase blood sugar level

Method of administration:
3 capsules/day are recommended, before meals, only for people from the age of 16.

3 in 1 Shampoo, Shower Gel and Bubble Bath, with Panthenol and PHYTOCOMPLEX of Horsetail, Life Care®

health and beauty of hair and skin

Horsetail is a plant known and used since antiquity, extremely rich in minerals, the most important being silica also known as the beauty mineral. Silica stimulates the production of collagen which is very important for maintaining the beauty and health of hair and skin.

Its effects on the body are very strong, being one of the most effective remedies for regeneration and rejuvenation. The youth of the skin and the vitality of the strands of hair are determined by the presence of this mineral.

3 in 1 Shampoo, Shower Gel and Bubble Bath, with Panthenol and PHYTOCOMPLEX of Horsetail, Life Care® prevents premature aging of the skin and is a good remedy for brittle hair, strengthens the strands of hair, combats hair breakage and split ends.

Intensive Care Cream with Organic Sea Buckthorn and Herbs, Life Care® intensive skin care

Skin changes its appearance with age - it becomes mature.

Over time, the skin loses its firmness and elasticity due to low collagen production. And in addition to the fine lines and wrinkles that become visible, we also face a pigmentation of the skin - darker spots in the chest area, on the hands, face and not only, due to the uneven production of melanin in the skin. Of course, we can't stop this process, but we can temper it with the right care.

Intensive care cream with sea buckthorn and BIO plants, Life Care® - to give mature skin a radiant beauty! Specially developed for the intensive care of mature and impure skin, it regenerates and activates cells.

Sea buckthorn has a strong regenerating and vitaminizing effect, giving the skin natural health and beauty.

BIO oils in the composition such as argan oil, jojoba oil and olive oil have a strong antioxidant effect, and provide deep hydration preventing the appearance of dry areas.

Shea butter and panthenol support skin elasticity for supple and soft skin.

Did you know that

Soap nuts are a 100% natural and vegetable product, hypoallergenic and odourless. These fruits are 2-2.5cm in diameter and belong to the Sapindus tree native to Southeast Asia, making them a 100% organic choice for laundry cleaning.

The active substance is saponin, which has the effect of lowering the surface tension of water, allowing it to penetrate deeper into fabrics, including where there are stains. This process, combined with the rotating movements of the washing machine, effectively removes dirt particles, leaving clothes clean and fresh.

During soap nut production, the fruit is sun-dried and the only human intervention is to remove the pits. The husk is then placed in a bag in the washing machine and can be reused 2-3 times with the same excellent results.

Microfiber towel, super absorbent, Life Care® high absorption power

The super absorbent microfiber towel is useful for cleaning any surface in your home, office or car, and thanks to its high absorbency you can quickly wipe up spilled liquid or any dirt from any surface.

Did you know that ...

- ✓ The biggest advantage of microfibers is their ease of care. This fabric is easier to wash, is of a higher quality and dries faster than cotton.
- ✓ Microfiber absorbs excess moisture from any surface faster, reducing drying time without leaving marks
- ✓ Microfiber is capable of absorbing up to 7 times more water than it weighs!
- ✓ absorbs up to 3 times more water than a fabric with the same surface area of ordinary cotton
- ✓ Microfiber products should not be washed at high temperatures because their degradation point is at 60 degrees.
- ✓ do not use fabric softener or bleach on microfiber, as it can damage the absorbency of the fibers
- ✓ washing before use increases absorbency

7808

Meal Balance® ECO instant cereal drink with chicory

ideal alternative for tea, coffee and cocoa

The Organic instant cereal drink with chicory Meal Balance® is an excellent substitute for one of the most consumed drinks in the world, coffee. Chicory can be the daily morning drink! Chicory is considered an excellent natural remedy, due to its properties. It can be consumed both before meal and thus prevents indigestion and bloating, and throughout the day by invigorating the mind and the psyche.

Chicory root is rich in inulin, a prebiotic fiber that helps in weight loss and improves intestinal health.

Rye removes toxins from the body, gives a feeling of satiety and supports gastrointestinal health.

Barley helps lower cholesterol and fibers decrease the appearance of cardiovascular disease.

Malt is rich in vitamins and minerals, maintains muscle health, prevents anemia, regulates blood pressure and improves the functioning of the nervous system.

GENERAL INFORMATION

I. Information about prices:

Catalog prices were calculated based on an average exchange rate for the period of the catalog validity and are expressed in EUR. Displayed prices include VAT. In case of fluctuations of the euro/lei exchange rate, higher than 5%, prices will change and will be announced on the official Life Care Corp site (club.life-care.com) and the Call Center Department of Life Care Corp. Life Care® announces weekly possible price changes on the Company's website, under "price list". Product information and prices are provided subject to possible typographical errors.

II. Information Regarding Product Returns:

Product returns will be conducted in accordance with current legislation and Life Care Corp procedures. Customers have the option to notify in writing that they are canceling the purchase without any penalties and without providing a reason within 30 days after receiving the products. The products should be returned in their original condition, without any damage, along with the return slip or a photocopy of the invoice to the address mentioned below. Return shipment should be made via postal package (not registered mail) with acknowledgment of receipt. To facilitate product returns, please notify our Life Care® Call Center department in advance using one of the phone numbers provided below. The refunded amount for the returned products will be credited to the customer's Life Care® account. For detailed information on the return procedure, please visit the website www.club.life-care.com or contact the Life Care® Call Center department.
